Authorization for the Administration of Medication

In Connecticut, licensed Camps administering medications to children shall comply with all requirements regarding the Administration of Medications described in the CT State Statutes and Regulations. Parents/guardians requesting medication administration to their child while at camp shall provide the program with appropriate written authorization(s) and the medication before any medications are administered. Medications must be in the original container and labeled with child's name, name of medication, directions for medication's administration, and date of the prescription. All unused medication shall be destroyed if not picked up within one week following the camper's departure at the end of camp.
